INDEPENDENT AUDITORS' REPORT

To the Board of Trustees

Missouri Public Entity Risk Management Fund

Jefferson City, Missouri:

We have audited the accompanying financial statements of the business-type activities of **Missouri Public Entity Risk Management Fund (MOPERM)**, as of and for the year ended December 31, 2006, which collectively comprise the Fund's basic financial statements as listed in the table of contents. These financial statements are the responsibility of MOPERM's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of **Missouri Public Entity Risk Management Fund** as of and for the year ended December 31, 2005 were audited by other auditors whose report dated February 2, 2006, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provided a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the **Missouri Public Entity Risk Management Fund**, as of December 31, 2006, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and ten year loss development information on pages 2 through 6 and 20 through 22 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Management of the Missouri Public Entity Risk Management Fund (MOPERM) offers this narrative overview and analysis of the financial activities of MOPERM for the fiscal year ended December 31, 2006. We encourage readers to consider the information presented here in conjunction with MOPERM's financial statements and notes to the financial statements to enhance their understanding of MOPERM's financial performance.

Fund Accounting

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. MOPERM, a corporate and political body created by the Missouri General Assembly, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. MOPERM is not considered to be a component unit of the State of Missouri. There are three categories available for governmental accounting: governmental funds, proprietary funds and fiduciary funds. MOPERM's funds are considered proprietary funds.

Proprietary funds. Proprietary funds account for governmental operations that are designed to be self-supporting from fees charged to consumers of the provision of those goods and services or where the government has decided that the periodic determination of revenues, expenses, and net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The accounting and financial reporting practices of proprietary funds are similar to those used for business enterprises and focus on capital maintenance and the flow of economic resources through the use of accrual accounting. Of the two types of proprietary funds, MOPERM maintains one type: Enterprise Fund. MOPERM's purpose is to provide liability and property insurance coverage to participating public entities, their officials and employees.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to MOPERM's financial statements. Typically, government financial statements would be presented as three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. However, as MOPERM uses only Proprietary funds, which present financial statement information in the same manner as government-wide financial statements only with more detail, we do not present government-wide financial statements as the information would be repetitive.

The financial statements, in addition to management's discussion and analysis, are comprised of the balance sheet; the statement of operations and changes in retro return reserve; the statement of cash flows and the notes to financial statements. The financial statements are prepared on the accrual basis in accordance with U.S. generally accepted accounting principles applicable to governmental enterprise funds.

The balance sheet presents MOPERM's financial position as of the end of the fiscal year. Information is displayed on assets and liabilities, with the difference between the two reported as retro return reserve. The retro return reserve of MOPERM reflect the resources available as of the end of the fiscal year to pay claims of participants when due. Over time, increases and decreases in retro return reserve measure whether MOPERM's financial position is improving or deteriorating.

The statement of operations and changes in retro return reserve presents information detailing the revenues and expenses that resulted in the change in retro return reserve that occurred during the current fiscal year. All revenues and expenses are reported on an accrual basis. This means that the revenue or expense is recognized as soon as the underlying event giving rise to the change occurs, regardless of when the actual

cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods. For example, contributions due from a public entity, even though not yet paid by fiscal year end, will be reflected as revenue. Likewise, claims that occurred during the fiscal year under self-insured plans will be reflected as an expense, whether or not they have been paid as of the end of the fiscal year.

The statement of cash flows presents the cash provided and used by MOPERM categorized by operating activities, noncapital financing activities, capital and related financing activities, and investing activities. It reconciles the beginning and end-of-year cash balances contained in the balance sheet. The effects of accrual accounting and noncash activities, such as depreciation, are adjusted to supplement the presentation in the statement of operations and changes in retro return reserve.

The notes to financial statements follow the basic financial statements and provide additional information that is essential to a full understanding of the data provided in the financial statements.

In addition to the financial statements and accompanying notes, required supplementary information is presented illustrating MOPERM's past ten years of earned revenues and investment income compared to related costs of loss and other expenses incurred by MOPERM.

Financial Analysis

The following tables present the summarized financial position and results of operations for the fiscal years ended December 31, 2006 and 2005. Additional details are available in the accompanying financial statements.

	2006	2005	Increase (Decrease)
ASSETS			
Cash and investments	\$ 68,147,445	\$ 57,489,854	\$ 10,657,591
Receivables	2,940,712	3,027,486	(86,774)
Capital assets	1,253,549	1,436,679	(183,130)
Other	214,122	1,309	212,813
Total assets	<u>\$ 72,555,828</u>	<u>\$ 61,955,328</u>	<u>\$ 10,600,500</u>
LIABILITIES			
Loss and loss adjustment expense	\$ 38,487,098	\$ 32,170,781	\$ 6,316,317
Other	8,886,479	10,106,155	(1,219,676)
Total liabilities	<u>47,373,577</u>	<u>42,276,936</u>	<u>5,096,641</u>
RETRO RETURN RESERVE			
Designated catastrophic reserves	20,585,098	18,392,790	2,192,308
Invested in capital assets	1,253,549	1,436,679	(183,130)
Undesignated	3,343,604	(151,077)	3,494,681
Total retro return reserve	<u>25,182,251</u>	<u>19,678,392</u>	<u>5,503,859</u>
Total liabilities and retro return reserve	<u>\$ 72,555,828</u>	<u>\$ 61,955,328</u>	<u>\$ 10,600,500</u>

- MOPERM was established to offer liability protection to participating public entities, their officials and employees. MOPERM has been successfully providing member entities with broad coverages at stable and economical rates. Effective July 1, 2003, MOPERM's Board of Trustees approved the offering of property insurance coverage to its members. MOPERM increased its overall membership by 18 members during 2006, compared to a 14 member increase during 2005. Total assets increased

by \$10,600,500 in 2006 to \$72,555,828. The total increase in assets during 2005 was approximately \$10,637,537 which is comparable to the 2006 increase. The additional members added in 2006 were relatively small entities compared to the larger entities written in 2005. Also during 2006, MOPERM lost one of its larger contributors. Additional contributions from the new members, combined with less cash paid out in claims, resulted in an increase in cash and investments. During 2006, receivables decreased by \$86,774. The majority of this decrease is due to a payment of approximately \$285,309 being recorded from a previous excess liability insurance carrier. The total receivable from the excess liability carrier as of December 31, 2006 approximated \$2,131,286. Capital assets decreased in 2006 due to minimal additions. In 2005, new office space and new office furniture was purchased. Other assets increased by \$212,813 in 2006. This is the result of MOPERM paying 2007 earthquake excess insurance in 2006.

- Total liabilities increased by \$5,096,641 in 2006 to \$47,373,577. The increase in liabilities was primarily associated with an increase in loss and loss adjustment reserves for the liability line of business. MOPERM reserves 75% of annual liability contributions to pay claims. This percentage conservatively reflects past claims history. This reserve is reviewed annually by an independent actuary. The majority of the decrease in Other Liabilities is unearned member contribution. MOPERM has no long term debt.
- Retro Return Reserve for 2006 increased by net income of \$5,503,732. Since its inception, MOPERM has refunded over \$7 million of contributions to the participating members. MOPERM's Board of Trustees did not declare a dividend in 2006.

	2006	2005	Increase (Decrease)
OPERATING REVENUES			
Contributions	\$ 21,923,084	\$ 20,594,674	\$ 1,328,410
Investment income	2,605,586	1,761,567	844,019
Other income (expense)	2,500	(8,356)	10,856
Total operating revenues	24,531,170	22,347,885	2,183,285
OPERATING EXPENSES			
Loss and loss adjustment expense	15,111,851	15,802,629	(690,778)
Excess insurance premiums	1,119,915	990,355	129,560
General and administrative	3,004,756	2,796,814	207,942
Total operating expenses	19,236,522	19,589,798	(353,276)
Net operating income	5,294,648	2,758,087	2,536,561
Unrealized gains (losses) on investments	209,084	(739,569)	948,653
Net income	\$ 5,503,732	\$ 2,018,518	\$ 3,485,214

- Contributions earned for 2006 increased by \$1,328,410. Approximately \$816,000 of the increase was attributed to the liability line of business through contribution rate increases and increased membership. The remainder of the increase was due to contribution rate increases and increased membership in the property line of business.
- MOPERM has invested approximately \$66.8 million, primarily in U.S. Government Agency Securities with final maturities of seven years or less with a one time call. Investment income consists of interest income, amortization of premium and discounts on bonds, and realized gains and losses on securities. Investment income for 2006 increased by \$844,019 due to an increase in total investments held by MOPERM. Because of the changes in interest rates in the investment market,

and the selling of low coupon bonds, MOPERM experienced an unrealized gain on investments during 2006 as opposed to an unrealized loss in 2005.

- Loss and loss adjustment expense decreased by \$690,778 in 2006. MOPERM paid out approximately \$1.7 million dollars less in claims in 2006 than 2005, and the paid losses recovered from reinsurance companies was about \$1 million less in 2006.
- Excess insurance premiums increased by \$129,560 in 2006. In 2006 and 2005, MOPERM experienced growth in the property line of business. The premium for excess insurance for property increases as new members are written.
- General and administrative expenses approximated 14.7% and 14.6% of total contributions earned for 2006 and 2005, respectively. These expenses increased by \$207,942 in 2006. The majority of this increase was due to increased agents' commission expense of \$146,047 and salary and employee benefit cost of \$73,722, offset by decreases in many of the other cost centers, the majority of the decrease was due to no rent expense for office space in 2006.

FINANCIAL SUMMARY

In 2006, MOPERM experienced additional growth, adding 18 new members and contribution revenue of over \$1.3 million. MOPERM had a total of 919 contributors as of December 31, 2006. The continuous growth in contribution revenue is attributed to the increase in contribution rates for both property and liability coverages. The majority of the revenue increase is from liability contributions; however, the property program continues to grow.

Net income increased by \$3,485,214 even though MOPERM only had a \$1.3 million increase in contributions. This is due primarily to the increase in investment income and unrealized gain on investments. Retro return reserves increased by \$5,503,859 in 2006. MOPERM had an undesignated retro return deficit balance at December 31, 2005, which has a positive balance of \$3,494,681 as of December 31, 2006. Overall, the financial position of MOPERM has remained stable during 2006 in comparison to 2005.

Economic Environment and Next Year's Budget and Rates

Since 1987, MOPERM has been a competitive alternative for local government agencies seeking to manage rising coverage costs against growing exposures and tight budgets. Rates are analyzed by an actuary each year and rate recommendations are made to management. Management analyzes the actuary's rate recommendations and suggests rate changes based on actual loss experience and the current insurance market.

The 2007 estimated contribution was down by 2% compared to the final 2006 contribution amount. The decrease was the anticipation of losing some of the larger members. The total operating expenses are budgeted to rise about 10% to \$4.5 million over the final 2006 operating expenses of \$4.1 million. The largest increments are commission expense, excess insurance premiums, and salary and benefits. The total operating expenses are about 21% of total budgeted contribution. The loss and loss expense percentage remains constant at 75% of budgeted contribution each year. There have been no major insurance program changes for 2007.

Contacting the Fund's Financial Management

This financial report is designed to provide our members and the public with a general overview of the Fund's finances and to demonstrate the Fund's accountability for the contribution it receives. If you have questions about this report or need additional financial information, contact the Fiscal and Administrative Manager, Cathy Schulte, at PO Box 7110, Jefferson City, MO 65102, (573)751-1266 ext. 114 or e-mail Cathy-Schulte@moperm.com.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

1. Reporting Entity

The Missouri Public Entity Risk Management Fund ("MOPERM") is a body corporate and politic created by the Missouri General Assembly and signed into law on June 20, 1986. MOPERM became operational January 1, 1987. Although the State of Missouri is responsible for appointing some of the members of the Board of Trustees, the State's accountability does not extend beyond these appointments. Accordingly, MOPERM is considered a related organization of the State of Missouri but is not considered a component unit.

The purpose of MOPERM, as established in Chapter 537.700 RSMo 1986 and in the bylaws, is to provide liability protection to participating public entities, their officials and employees. Effective July 1, 2003, MOPERM added property coverage to its services offered to such participating members. The property coverage underwriting is being administered through Arthur J. Gallagher. MOPERM had a total of 919 and 899 contributors, including cities, counties, healthcare entities and school districts, as of December 31, 2006 and 2005, respectively.

MOPERM uses only proprietary funds, which present financial statement information in the same manner as government-wide financial statements only with more detail. Government-wide financial statements are not presented as such information would be repetitive.

2. Basis of Accounting and Summary of Significant Accounting Policies

Basis of Accounting

MOPERM prepares its financial statements on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles for governmental enterprise funds. These principles are similar to those for private business enterprises. Accordingly, revenues are recorded when earned and expenses when incurred. MOPERM applies all Financial Accounting Standards Board (FASB) statements and interpretations that do not conflict with or contradict the Governmental Accounting Standards Board (GASB) pronouncements.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on deposit and overnight repurchase agreements. All cash on deposit is insured by federal depository insurance or collateralized by securities held by the counter party financial institution's trust department or agent in MOPERM's name. The carrying amounts reported in the balance sheets approximate the fair value of these instruments.

Investments

MOPERM reports investments at fair value, with the changes in fair value reported in the Statements of Operations and Changes in Retro Return Reserve. The estimated fair value of fixed maturity investments is based on quoted market prices. Interest income is recorded when earned. Realized gains and losses on investments are determined using the specific identification method.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

NOTE 2 – Continued (Basis of Accounting and Summary of Significant Accounting Policies)

Capital Assets

Capital assets are stated at cost, less accumulated depreciation. Improvements are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred. Realized gains and losses are recognized upon disposal or retirement of the related assets and are reflected in current operations.

Depreciation is calculated on a straight-line basis over the following estimated useful lives of the respective assets:

	Depreciable Life
Automobiles	3 years
Equipment and leasehold improvements	5 years
Furniture and fixtures and building improvements	10 years
Building	40 years

Contributions

Contributions are recognized as revenue over their related policy period. Advance contributions represent contributions received in the current year for policies effective the following year. No unearned contribution is reflected at year-end as all policies expire on December 31.

Annual contributions are calculated based on actuarial projections to produce sufficient funds to pay losses and expenses. If contributions do not produce sufficient funds to meet obligations, MOPERM is empowered to make special assessments. Members are jointly and severally liable for claims against MOPERM.

Retro Return Reserve Refunds

If collected contributions exceed total paid claims, claim expenses and operating expense in any given year, the Board of Trustees may declare a refund of the excess be made to participants who were members of MOPERM during the policy year for which a refund was declared. Unless otherwise determined by the Board of Trustees, no refund will be made until all claims are closed and the appropriate statute of limitations has expired for that policy year. Refunds are recorded in the year declared.

Loss and Loss Adjustment Expense Reserves

Loss and loss adjustment expenses are charged to income as incurred. Loss and loss adjustment expense reserves represent the accumulation of estimates for reported unpaid losses including loss adjustment expenses, the effects of inflation and other societal and economic factors, plus a provision for losses incurred but not reported. Loss adjustment expenses represent anticipated costs of settling claims, including attorneys' and adjusters' fees. The reserves for incurred but not reported loss and loss adjustment expenses are actuarially determined and based on a computation that applies varying percentages to each policy year's earned contributions, less cumulative claims paid and reported

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

NOTE 2 – Continued (Basis of Accounting and Summary of Significant Accounting Policies)

unpaid loss reserves at the balance sheet date. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in earnings.

Designated Catastrophic Reserves

The designated catastrophic reserves are funds designated by the Board of Trustees to cover catastrophic losses incurred by MOPERM for any policy year. The balance at December 31, 2006 is equivalent to 10% of the earned contribution for the 2006 policy year and 15% of the earned contribution for all policy years since MOPERM's inception minus \$1,545,447 for policy year 2002. During 2005, the Board of Trustees approved the transfer of the catastrophic reserves for policy year 2002 to the Undesignated Retro Return Reserves. If losses in any policy year exceed total contributions and designated catastrophic reserves, additional assessments would be made to applicable members for the policy year the losses occurred.

Operating and Non-operating Income and Expenses

All revenues and expenses, except the unrealized gain or loss on investments, are considered operating. Investment income is considered operating revenue.

Income Taxes

The Internal Revenue Service ruled that MOPERM is exempt from federal income tax under Section 115 of the Internal Revenue Code.

Management's Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

3. Deposits and Investments

Deposits

Custodial credit risk for deposits is the risk that, in the event of a financial institution failure, MOPERM's deposits may not be returned. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, MOPERM will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. As of December 31, 2006 and 2005 no investments were uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in MOPERM's name.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

NOTE 3 – Continued (Deposits and Investments)

Cash balances include short-term securities and operating balances held by financial institutions. At December 31, 2006 and 2005, the carrying amount of deposits at the financial institutions was \$(542,298) and \$(302,090), the bank balance was \$765,196 and \$0, respectively. Of the bank balance, \$100,000 was covered by federal depository insurance. At December 31, 2006 and 2005, an additional \$1,831,830 and \$3,229,325 was held in overnight repurchase agreements with a book value of \$ 1,831,830 and \$3,229,325. The repurchase agreements were collateralized by securities delivered to a third party institution mutually agreed upon by the financial institution and MOPERM. The bank overdrafts of \$542,298 and \$302,090 at December 31, 2006 and 2005, respectively, are offset by the repurchase agreements as discussed above.

Investment Policies

MOPERM's investment policy allows investments in: time deposits with maturity of twenty four months or less, U.S. Treasury securities and U.S. mortgage backed securities with final maturities of seven years or less, U.S. Government agency securities with final maturities of seven years or less, collateralized mortgage obligations that have a weighted average life not to exceed five years and pass the FFIEC High Risk Stress Test, commercial paper that may not exceed 180 days to maturity and repurchase agreements.

Investment Summary:

The following table presents the summary of MOPERM'S investments by type at December 31, 2006 and 2005:

	2006	2005
U.S. Agencies	\$ 64,767,245	\$ 52,130,696
U.S. Government Guaranteed Mortgages	1,467,004	1,695,594
Collateralized Mortgage Obligations	623,664	736,329
	<u>\$ 66,857,913</u>	<u>\$ 54,562,619</u>

Concentration of Credit Risk

Concentration of credit risk is the risk of loss that may be attributed to the magnitude of a government's investment in a single issue. MOPERM's investment guidelines require diversified portfolios with no single issue being greater than 5% of the portfolio, except for obligations of the U.S. government or its agencies. As of December 31, 2006 and 2005, no single issue exceeds 5% of the portfolio, excluding U.S. government securities.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

NOTE 3 – Continued (Deposits and Investments)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to MOPERM. At December 31, 2006 and 2005, all investments are guaranteed by the U.S. Government.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Duration is a measure of a debt instrument's exposure to a change in interest rates and the related sensitivity of market price to parallel shifts in the yield curve. It uses the present value of cash flows, weighted for those cash flows as a percentage of the instruments' full price. MOPERM mitigates interest rate risk through the duration of investments outlined in its investment policy.

Foreign Currency Risk

MOPERM held no foreign investments or currency as of December 31, 2006 and 2005.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

4. Capital Assets

Capital asset activity for the year ended December 31, 2006 was as follows:

Category	Balance at December 31, 2005	Additions	Deductions/ Transfers	Balance at December 31, 2006
Building and building improvements	\$ 1,159,491	\$ -	\$ -	\$ 1,159,491
Equipment	47,616	200	-	47,816
Furniture and fixtures	85,790	3,736	-	89,526
Computer equipment and software	1,150,182	25,211	-	1,175,393
Automobiles	49,630	-	-	49,630
Intangible	65,000	-	-	65,000
Total capital assets	2,557,709	29,147	-	2,586,856
Less accumulated depreciation	1,121,030	212,277	-	1,333,307
Capital assets, net	\$ 1,436,679	\$ (183,130)	\$ -	\$ 1,253,549

Capital asset activity for the year ended December 31, 2005 was as follows:

Category	Balance at December 31, 2004	Additions	Deductions/ Transfers	Balance at December 31, 2005
Building and building improvements	\$ -	\$ 1,159,491	\$ -	\$ 1,159,491
Equipment	47,312	304	-	47,616
Furniture and fixtures	65,679	55,526	35,415	85,790
Computer equipment and software	1,140,376	41,371	31,565	1,150,182
Automobiles	49,630	-	-	49,630
Leasehold improvements	14,323	-	14,323	-
Intangible	65,000	-	-	65,000
Work in progress	13,158	-	13,158	-
Total capital assets	1,395,478	1,256,692	94,461	2,557,709
Less accumulated depreciation	979,935	213,769	72,674	1,121,030
Capital assets, net	\$ 415,543	\$ 1,042,923	\$ 21,787	\$ 1,436,679

Total depreciation expense for the years ended December 31, 2006 and 2005 was \$212,277 and \$213,769 respectively.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

5. Loss and Loss Adjustment Expense Reserves

Activity in the loss and loss adjustment expense reserves was as follows:

	<u>2006</u>	<u>2005</u>
Loss and loss adjustment expense reserves, beginning of year, net of reinsurance recoverable of \$2,650,844 in 2006 and \$1,683,556 in 2005	\$ 32,170,781	\$ 25,827,759
Incurring loss and loss adjustment expenses:		
Provision for insured events – current year	15,044,007	14,341,716
Provision for insured events – prior years	<u>67,844</u>	<u>1,460,913</u>
Total incurred loss and loss adjustment expenses	<u>15,111,851</u>	<u>15,802,629</u>
Payments:		
Loss and loss adjustment expenses attributable to insured events – current year	3,180,891	2,360,924
Loss and loss adjustment expenses attributable to insured events – prior years	<u>5,614,643</u>	<u>7,098,683</u>
Total payments	<u>8,795,534</u>	<u>9,459,607</u>
Loss and loss adjustment expense reserves, end of year, net of reinsurance recoverable of \$2,496,198.78 in 2006 and \$2,650,844 in 2005	<u>\$ 38,487,098</u>	<u>\$ 32,170,781</u>

The provision for prior year insured events represents the variations between MOPERM's estimated claims payable for prior years' claims and the actual amounts required to satisfy such claims.

6. General and Administrative Expenses

The most significant components of general and administrative expenses are salary, employee benefit, agent commission, and loss control services expenses. All employees administering MOPERM are employees of the State of Missouri and are covered by the Missouri State Employees' Retirement System. MOPERM reimburses the State of Missouri for all costs of administration, including salary costs of \$512,123 for 2006 and \$456,594 for 2005 and pension costs of \$62,081 for 2006 and \$52,154 for 2005. All property business is required to be written through agents and liability business written through agents has increased. Agent commission expense totaled \$1,684,390 and \$1,538,343 for the years ended December 31, 2006 and 2005, respectively. Loss control services, provided by an outside consultant, approximated \$97,748 and \$92,300 for the years ended December 31, 2006 and 2005, respectively.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

7. Operating Leases

MOPERM is obligated under a long-term, noncancelable operating lease agreement for office equipment. Minimum annual rental commitments under the non-cancelable operating lease are as follows:

2007	\$	3,736
2008		3,736
2009		3,736
2010		2,802
	\$	<u>14,010</u>

MOPERM was released, without penalty from its long-term, noncancelable lease agreement for office space effective July 1, 2005.

Rental expense on operating leases totaled \$0 and \$25,295 for the years ended December 31, 2006 and 2005, respectively.

8. Retro Return Reserve Refunds

During 2006, the Board of Trustees of MOPERM did not declare retro return reserve refunds. During 2005, the Board of Trustees of MOPERM declared retro return reserve refunds of \$263,376. As of December 31, 2006, cumulative retro return reserve refunds were as follows:

Policy Year	Refunds Declared and Paid Prior to 2006	Refunds Declared and Accrued During 2006	Total Refunds Declared	Percentage of Contributions Refunded
1987	\$ 1,391,082	\$ -	\$ 1,391,082	85%
1988	2,074,331	-	2,074,331	76%
1989	519,031	-	519,031	23%
1990	933,499	-	933,499	45%
1992	643,707	-	643,707	22%
1994	155,373	-	155,373	3%
1995	1,175,375	-	1,175,375	20%
1996	129,080	-	129,080	2%
	<u>\$ 7,021,478</u>	<u>\$ -</u>	<u>\$ 7,021,478</u>	

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

9. Excess Insurance

MOPERM has maintained various excess insurance coverage with outside insurance carriers for the liability program. From January 1, 1989 through December 31, 1995, coverage was provided on a claims made basis. From December 31, 1995 through July 7, 2002, coverage was provided on an occurrence basis.

During the period from December 31, 1995 through July 7, 2002, the excess liability policy provided coverage of \$100,000 for each occurrence or wrongful act in excess of a \$900,000 self-insured retention limit and an aggregate limit of \$3,000,000 based on a minimum underlying self-insured retention of \$6,000,000.

Since July 7, 2002, MOPERM has elected not to purchase an excess insurance policy for liability.

Effective July 1, 2003, excess insurance for the property program was purchased with outside carriers.

The property excess policy, with Allianz Insurance Company, provides coverage of \$200,000,000 for each occurrence. MOPERM's 2006 and 2005 retention per occurrence was \$50,000 with no annual aggregate. The boiler and machinery excess policy, with Zurich American Insurance Company, provides coverage of \$50,000,000 for each occurrence with no annual aggregate and MOPERM had a \$10,000 deductible per occurrence for 2006 and 2005. The crime excess policy, with Travelers Casualty and Surety of America, provides coverage of \$50,000 per occurrence and MOPERM's retention per occurrence was \$5,000 with no annual aggregate for both 2006 and 2005.

10. Condominium Association

On February 4, 2005, MOPERM purchased an office condominium in the Howerton Center Condominium. In conjunction with the purchase, MOPERM became a one-third member of The Howerton Center Condominium Association, Inc. (Corporation). The Corporation is a Mutual Benefit Corporation formed for the purpose of maintaining the common areas in The Howerton Center Condominium and performing all other duties set forth in the Declaration of Condominium. MOPERM contributed \$1,000 to the Corporation for operating funds. MOPERM is billed utilities, insurances and other expenditures by the Corporation as outlined in the Corporation's Condominium Declarations and Bylaws. MOPERM records such expenditures on the accrual basis of accounting as general and administrative expenses.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2006 and 2005

11. Contingencies

MOPERM is a party to a number of lawsuits arising in the normal course of business. While the results of litigation cannot be predicted with certainty, management, based upon advice of MOPERM's counsel, believes the final outcome of such litigation will not have a material adverse effect on MOPERM's financial position or its results of operations.

During 2004, MOPERM received a court judgment against a prior excess liability insurance carrier regarding coverage on prior years' claims. Based upon the court judgment, MOPERM has recorded an excess insurance recoverable and related accrued interest totaling \$2,484,230 as of December 31, 2005. \$2,365,677 of this receivable is included in accounts receivable on the December 31, 2005 balance sheet. In 2006, MOPERM received a payment of \$285,309 from the excess liability insurance carrier. \$234,391 of this payment reduced the accounts receivable to \$2,131,286 as of December 31, 2006. \$50,918 of this payment reduced the accrued interest receivable of \$118,553 as of December 31, 2005 to \$67,635 as of December 31, 2006. The balance of the receivable continues to increase as covered claims are settled for these policy years. Because there have been new court judgments, and new summary judgments filed by the excess liability insurance carrier regarding coverage and payout on prior years' claims, management has made the conservative decision to not accrue additional receivables or interest on this litigated receivable.

SUPPLEMENTAL SCHEDULE

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND
SUPPLEMENTAL SCHEDULE OF 1997-2006
LOSS DEVELOPMENT INFORMATION

The following page illustrates how MOPERM's earned revenues (net of excess insurance) and investment income compared to related costs of loss (net of loss assumed by excess insurers) and other expenses assumed by MOPERM for each of the ten years ended December 31, 2006. The rows of the table are defined as follows:

- (1) The total of each fiscal year's gross earned contribution revenues and investment revenues. Earned contribution revenue and investment revenue paid to excess insurers and earned contribution revenue and investment revenue net of the effects of excess reinsurance premiums.
- (2) Each fiscal year's other operating costs of MOPERM including overhead and claims expense not allocable to individual claims.
- (3) MOPERM's gross incurred losses and allocated loss adjustment expense, losses assumed by excess insurer and net incurred losses and allocated loss adjustment expenses (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year).
- (4) The cumulative net amounts paid as of the end of successive years for each policy year.
- (5) The latest re-estimated amount of losses assumed by excess insurers as of the end of each year for each accident year.
- (6) Each policy year's incurred losses increased or decreased as of the end of successive years. This annual re-estimation results from new information received on known losses, re-evaluation of existing information on known losses, as well as the emergence of new losses not previously known.
- (7) Compares the latest re-estimated net incurred losses amount to the amount originally established (line 4) and shows whether this latest estimate of loss cost is greater or less than originally thought. As data for individual policy years matures, the correlation between original estimates and re-estimated amounts is commonly used to evaluate the accuracy of incurred losses currently recognized in less mature policy years. The columns of the table show data for successive policy years.

MISSOURI PUBLIC ENTITY RISK MANAGEMENT FUND

Reconciliation of Claims Liabilities by Type of Contract For the Years Ended December 31, 2006 and 2005

The schedule below presents the changes in claims liabilities for the past two years for the Fund's two types of contracts: Liability and Property.

	Liability		Property	
	2006	2005	2006	2005
Loss and loss adjustment expense reserves, beginning of year.	\$ 32,028,697	\$ 25,755,375	\$ 142,084	\$ 72,384
Incurred loss and loss adjustment expenses:				
Provision for insured events – current year	14,202,321	13,590,120	841,686	751,596
Provision for insured events – prior years	99,807	1,486,270	(31,963)	(25,357)
Total incurred loss and loss adjustment expenses	14,302,128	15,076,390	809,723	726,239
Payments:				
Loss and loss adjustment expenses attributable to insured events – current year	2,187,277	1,751,412	993,613	609,512
Loss and loss adjustment expenses attributable to insured events – prior years	5,857,240	7,051,657	(242,596)	47,027
Total payments	8,044,517	8,803,068	751,017	656,539
Loss and loss adjustment expense reserves, end of year.	\$ 38,286,308	\$ 32,028,697	\$ 200,790	\$ 142,084
